

Employer Supported Volunteering

News & Opportunities

Guy Jeffries, whose web design company is *Noisy Graphics* has been a very proactive volunteer since attending our Business Breakfast last year and both he and Claire Jaggard of *MyYate* and *MySodbury* community news websites, have both volunteered their time to talk to our local *Fromevale Locality Network Group*. Both talks, went down exceedingly well with the group.

Also last year a team of employees from *Airbus* took part in a team volunteering challenge at a Yate Community Garden.

Current opportunities:

Yate in Bloom would welcome some voluntary support from local businesses, especially perhaps if you have a small team of employees who can help with planting in the Spring months...but any skills welcome!

Why not start a fundraising group for a charity within your business? Contact us and we will help get you started.

Ramhill Colliery in Coalpit Heath is looking for people who are physically fit and can help with some practical work ...could be individuals or a small team

Play Area Project: A Frampton Cotterell group is urgently seeking some volunteers to help with fixing boards to a metal fence, to enable to boards to be painted by young people. This work needs to be completed by June 11th

The same group is also looking for people with artistic skills to help with the design of the painting of the above 'multi-games' board. Also one or two people who can lead the actual painting by the young people on the day.

If you have individual employees who have particular skills (anything from marketing to project development – to IT – book-keeping and more) they would like to share as a volunteer on a short or long term basis, please get in touch. If your business would like to undertake 'one off team' volunteering please let us know and we will do our best to help you set this up.
